

MOVING CHECKLIST

Once you get that signature on the line, it's time to start getting ready for the big move.

You've most likely cleaned up your home for showings and the sale, now it's time to get ready to go in an organized and efficient way.

Go through each room in your home and do a quick assessment and declutter what you can. If you're downsizing or upsizing, make sure you're ruthlessly eliminating items now so you don't have to deal with them at your new residence. Use this freebie as a little mini checklist to get you started.

Check off each room once you've done a quick onecethrough. Add any additional rooms or storage areas you may have if needed.

MOVING DAY (OR SOON AFTER) CLEANING CHECKLIST

Date:

When you get to your new home, it can be overwhelming because people are bringing everything in but you want to clean a bit first. IF you can, try to have these things done prior to moving in or as you're able. Sometimes realtors and homeowners will help you arrange a day before cleaning for at least carpet cleaning (sometimes a professional cleaning is possible) if they are out of the house before closing. Most of the time it isn't possible, but it's worth asking!
